

Look Up High, Look Down Low

The song from "Where Are Bimble's Glasses?" · Hootenhollow

CHORUS

Look up high, look down low,
Friends help wherever you go!
Slow and steady, look and see,
Friends help you and friends help me!

VERSE

Look in the flowers, one, two, three!
Look in the pond, what do you see?
Up the hill and windmill too,
Pat your head (pat, pat!), peekaboo!

CHORUS

Look up high, look down low,
Friends help wherever you go!
Slow and steady, look and see,
Friends help you and friends help me!
